ORGANIZE WITH GOOD MEN. To-morrow the republicans of Cochise county are to assemble in mass convention in this city and then and there organize the party. It is to be hoped that there will be entire unanimity of purpose and action, and that none but the best men will be put forward as members of the county Central committee. Very much of the future success or failure of the republican cause will depend upon the solidity and ability of those who shall be called upon to represent the electors in this elementary organization. If possible keep every office hunter out of the Central comm ttee, and from every position where he or they can use the machinery, in a special manner, for his or th ir adva cement over another. By do ng this it puts all the aspirants to elic ive positions upon an equal fo tieg and throws their claims, if they have any, directly into the hands of the convention and the people. By adopting such a course the convention, when called upon to nominate men to fill the various offices

next fall, will be very tiable to put

itself to the voters and it will be elect-

The general warmth of the atmos phere for the last two weeks has all been blown from it, and the result is that a cold, plereing to the very marrow, prevails, Beside this the air is so charged with dust that neither the Huach ica, Whetstone nor Dragoon mountains can be even dimly seen "as through a glass darkly," and the low hills south of town are more than half obscured from view. Electoral Count Bill. Washington, April 7 .- The presdential count bill, which passed the senate without amendment, provides that presidential electors in each state shall meet and give their vote on the second Monday in January next following their appointment, at such places as the legislatures may designate, and that each state, pursuant to its laws existing on the day fixed by appointment of electors, may determine, prior to getting electors, any controversy concerning the appointment of all or any of them; that such determination shall be conclusive evidence of their lawful title, and shall govern in the count by congress; that no electoral vote or votes from a state from which but one return has received shall be rejected except by the affirmative votes of the two houses; that if more than one return is received from a state, the votes of those electors appointed by a lawful tribunal of states shall be counted; and in the event of question as to which of two or mere such state tribunals is lawful, the tribunal of electors appointed by that tribunal which the two houses acting separately shall decide to be the autorized one, shall be counted; that in case of of an undetermined case between two or more sets of electors of a state, those states shall be counted which the two houses, acting separately, shall decide to be lawful electoral votes. The bill also provides that if the counting of votes shall not be completed before the fifth calendar day next after the first joint meeting of the two houses, no recess shall be afterwards taken by either house un-

SAN FRANCISCO, April 7 .- The Oregon democratic convention adopted resolutions demanding legislative regulation of railroads and tariff reform, and attributed the assassination of Garfield to the republican spoils system, denouncing polygamy, and favoring repeal of the navigation laws, demanding that the congressional delegation do its utmost to secure an appropriation for Oregon river and harbor improvements. The resolution on the Chinese question is as follows: Resolved, That the president's veto of the Chinese immigration bill is a public misfortune. It sets the degrading mark of competition with coolies from China upon white labor and the working men of America; it treats with contemptuous derision the unanimous proand appeals of entire Pacific coast. On behalf of the people of Oregon we disapprove, condemn, and declare it to be the duty of every citizen, regardless of party, to express his disapproval with his vote as well as with his voice. Ticket completed is as follows: Secretary of State, J. K. Weatherford; Treasurer, H. Abraham; Su-erintendent of Public In-Judge, Eden Shattuck.

Compulsory Retirement.

Washington, April 5 .- The passage of the army app opristion bill with compulsory retirement clause by so large a majority ensures its passage in the senace. It is the most important legislation for the army since its reorganization in 1869. There will be forty-two officers, nearly all above the rank of major, retired at once. The larger part will be from the staff, but every regiment in the line will be affected more or the following year about the same.
